

# BENEFITS OF USING **COVAA** IN YOUR LESSON DESIGN

A WEB-BASED TOOL

## VIDEO ANNOTATIONS

At key learning points of the video, students can annotate to make notes or answer guiding questions posed by teachers.

## SELF-PACED LEARNING

Allows students to pause and replay the video or skip to the next concept discussed. Thus, students can learn at their own comfortable pace.

## SOCIAL LEARNING

Interactive comment system encourages students to learn from and build upon one another's understanding of the key concepts.

## VISIBLE LEARNING

Teachers can measure students' understanding or identify individual misconceptions by reviewing their responses and annotations.

## LEARNING ANALYTICS

Teacher dashboard provides live data on students' activities and highlights those who are less active or have not viewed the video resource.

## ACTIVE LEARNING

No longer passive receivers of information, students are engaged learners who actively interact with learning resources and one another to co-construct new knowledge.
